Dear Sir/Mam,

I, **Kadhiravan S/O Pichai**, a senior Congress member, am writing to bring to your immediate attention a serious violation in the ongoing Indian Youth Congress election in the Madurai South constituency.

Among the three candidates contesting the election, **Mrs. Seetha does not meet the required age criteria** for candidacy, as specified by the election guidelines. This is a clear violation of the rules, and I have attached the necessary **documents proving her ineligibility due to age**.

I have also included my **Electoral ID** as proof of my identity for your reference.

This issue is of utmost importance, as such violations undermine the credibility of the election process and the core values of democracy within our party. As a long-time supporter of the Congress party and a member who believes in its growth and integrity under the leadership of **Shri Rahul Gandhi**, I urge you to take **immediate and strict action** to address this issue.

Failure to act decisively will not only jeopardize the fairness of the election but will also negatively impact the trust and confidence of the party's followers, especially the youth who are eager for a democratic and transparent process.

I trust that you will take this matter seriously and take swift action to ensure that the election process remains just, fair, and in alignment with the true democratic ideals of the Congress Party.

I await your prompt response and decisive action on this issue.

Thank you.

Sincerely,
Kadhiravan S/O Pichai
